

## Technical Planning Committee

1. There are no changes to the 2007-2008 calendar
2. 2008-2009 Schedule with bids has been posted to the VSI website. We will continue to accept bids.
  - Most notably absent are bids for LC meets beyond May.
  - We will also need a host and venue for SC Age Group Champs and LC Senior Champs.
  - We do not have a bid for the North District Champs
3. LC Senior Championships are set to be a no-host event in Cary, NC. Senior Committee will be seeking final approval for the event.
4. Age Group Committee has worked time standards for LC Age Group Champs.
5. The difference between the SC and LC qualifying times continue to shrink.
  - In some cases a few tenths and in one case the LC qualifying time is faster than the SC time and in several cases the QT are the same.
  - At this point we believe we should be using one qualifying time for both SC and LC within 3 years
6. We have added a statement banning all shaving at meet venues by the participants to the meet invitation under the "Safety" section.
